

Dump Completo del Database.

```
mysqldump -u root -p \  
--databases RouteX_Update \  
--routines --triggers --events \  
--single-transaction \  
--set-gtid-purged=OFF \  
--default-character-set=utf8mb4 \  
> RouteX_Update.sql
```

Questo non contiene i permessi.

Per i permessi usare:

```
mysql -u root -p -N -B -e "SHOW GRANTS FOR 'routex_app'@'localhost'; SHOW GRANTS FOR  
'routex_admin'@'localhost';" \  
| sed 's/$/;/' \  
> RouteX_users_grants.sql
```
